Section C: Declaration

Once you have completed this application form, please read the following statements carefully. You confirm your acceptance of these statements by signing this application form.

I confirm that the information I have provided on this application form is true, accurate, current and complete to the best of my knowledge.

I understand that this is a fulltime degree program and participate in all activities organized in the degree program as they contributed to the final grade in the common subject stream. (14 credits)

I understand that I have to register for the relevant credits (compulsory and optional) as indicated in the undergraduate student hand book during the first and second semester of the fourth year. I must satisfactorily complete the internship (minimum 5 months, with 8 hour working day) with the industrial based research component (10 credits) in the relevant industry in the selected subject area and obtained C grade in order to graduate with B.Sc. in Applied Sciences Degree program.

I understand that I will be assigned for an industrial training and the project solely based on my merits (GPA) and considering the availability of the resources as stated by the University.

I understand that I have to complete the assigned industrial based project during the allocated time period and fulfill all the requirements given by both supervisors from the industry and the University in addition to the research project requirements given in the undergraduate student handbook.

I understand that I cannot quit the degree program due to any reason as I am using the opportunity of another student as limited slots are available.

I understand that If I was unable to fulfill the requirements of the B.Sc. (Honors) Degree in Applied Sciences during the allocated period of time, I will be graduating with 3 year B. Sc. general degree in the following year.

Please sign below to confirm and acceptance of the statements.
